### **VICEROY, ANGUILLA**

**Opened December 2009**

This 166-room, Kelly Wearstler-designed hotel—Viceroy's first outside the States—sits on a cliff, its geometric glass exterior giving views over Barnes and Meads bays. Wearstler stuck to pale, minimalist earth tones, adding a driftwood lamp here, African and Asian artwork there. Of note is the spa, whose menu includes classes on healthy lifestyle choices. *From \$595; 866-270-7798; viceroyanguilla.com.*
