There are hotels, and then there are design hotels where visionary architects, artists, designers and hoteliers come together to produce a work of art. Thought provoking in design, yet full of function, design hotels reflect an original point of view and aesthetic that's hard to match. Be it a cool, urban space or a innovative hillside retreat, here are 12 dazzling design hotels to satisfy your inner Eames.

### Viceroy, Anguilla

12 of 13

Defined by a fiercely barefoot-cas vibe, the remote island of Anguilla has morphed into a haven for romantics who love their talcum powder white sand as much as their Manolo sandals and Tom Ford shades. Ocean-organic, funky-chic meets beachfront luxury at this island hideaway in the British West Indies. Located on the west end of the 16-mile island, the [Viceroy Anguilla](#) is the ultimate cross between Architectural Digest and Gilligan's Island. The Kelly Wearstler-designed interiors are cool, fresh and bathed in natural light. Swathed in hefty amounts of silver travertine and Bardiglio marble, the buildings flicker against a shifting topaz-indigo-midnight blue ocean in an elegant, almost cheeky, interplay.
