

ANGUILLA

THE SPA AT VICEROY ANGUILLA TO DEBUT MAY 2010

Viceroy Anguilla to open breathtaking ocean-view spa, founded on the three pillars of Balance, Breath and Beauty

February 2010 – December 2009 saw the soft-opening of **Viceroy Hotel Group's** first international hotel on the beautiful Caribbean island of Anguilla, a resort which showcases designer Kelly Wearstler's timeless and sophisticated interiors and has impressed with its excellent location and exceptional service. **Viceroy Anguilla Resort & Residences** is now in its final stage of completion and is proud to announce the launch of its highly anticipated Spa in May this year.

The Spa at Viceroy Anguilla will offer over 8,000 square feet of strikingly designed treatment areas, three outdoor private cabanas and a **Sea Mist Infinity Pool** poised on the limestone bluff facing the sea. Spaced out over two stories, the design of The Spa is a perfect reflection of the serene environment that surrounds it; continuing the standard set by the inimitable Kelly Wearstler throughout the resort. To achieve this, Wearstler has chosen to use varying shades of warm, natural whites in The Spa, opting for bespoke sculptural furnishings set against stone floors, natural bleached wood walls and large-scale pieces of geometric artwork.

The Spa will feature eleven treatment rooms including a dedicated **Vichy Suite hydrotherapy room**, Nail and Hair Salon and three outdoor treatment cabanas offering the ultimate in relaxation and privacy overlooking the Caribbean Sea, furnished with private terraces, changing facilities and individual steam cabins. Multiple treatment suites will each offer a private terrace, bathroom, seating area and hydroshower and all visitors to the spa will have access to the infinity pool and **Fitness Complex**. This state-of-the-art facility features a separate **1,600 square foot gym** equipped with TechnoGym and Free Motion equipment, adjacent to independent **Spinning** and **Yoga studios**.

Founded on the three pillars of **Balance, Breath and Beauty**, The Spa features a curative collection of wellness experiences which embrace the drama and beauty of the island on which it rests whilst providing a source of respite and renewal for locals and guests alike. Treatment partners have been carefully selected to echo the luxuriant nature of the Spa: **Valmont, Arcona, St Malo** and **Spa Ritual** are all brands of choice. As such, a number of **signature treatments** have been created, including:

- **Massage Collection** – these consist of *Raindrops*, *Hot Stone Therapy* and the *Coral foot Massage*
- **Body Collection** – four different body services have been designed and customised for the Spa at Viceroy Anguilla. *Jewel of the Antilles* and *Sunkissed Solace* have very specific applications to the resort environment where the majority of guests are seeking sun, sand and sea hence exposure is high.
- **Skin Care Collection** – *Vitality* is the signature facial, an intensive age defying treatment designed to minimise the well-documented results of over-exposure to sun.

Additionally, there is an extensive treatment menu for all guests to consider, including a treatment designed for couples wishing to share the spa experience, **Connection**. The spa also offers simultaneous treatments for all other spa services with the exception of **Great Expectations**, the pre-natal massage.

The Spa is open daily 10am – 7pm

The Fitness Centre is open daily 7am – 8pm

Rates at Viceroy Anguilla start from \$695 for an Ocean View Studio. For reservations, please call 001 866 270 7798 or visit www.viceroyanguilla.com.

About Viceroy

Viceroy Hotels, Resorts & Residences captivate discerning cultural connoisseurs with pleasures and privileges that transcend the expected. In skyscraping cities and pacesetting playgrounds, each Viceroy destination inspires a taste for the remarkable. Established in 2001, Viceroy's original properties debuted in Santa Monica and Palm Springs; its newest incarnations include resort addresses in Miami's Icon Brickell enclave, on Anguilla in the British West Indies and in Aspen/Snowmass (December 2009). As the decade continues, additional Viceroy hotels, resorts and residences will be developed in Vietnam, Mayakoba on Mexico's Riviera Maya and on Saadiyat Beach and Al Sowwah Island in Abu Dhabi.
